

# Drug Transaction Data Reporting

Cardinal Health supports efforts to combat counterfeiting, contamination and adulteration of prescription drugs. We are continually working to provide our pharmacy customers with the resources they need to ensure the drugs in the supply chain are safe. Under the Drug Supply Chain Security Act (DSCSA), we provide transaction data for eligible drugs online, 24x7, at no cost to customers.

Customers may access data [cardinalhealth.pr](http://cardinalhealth.pr) via Order Express or from the web portal

## Access data from Order Express

1. Login to **"Order Express"** with your credentials. In the case the user is attached with multiple accounts, select the account for which you want the transaction data.
2. In the menu: **"Quick Links"** select the link **"Track and Trace Report"**.

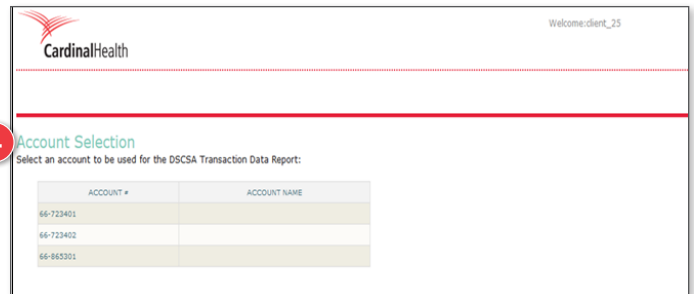

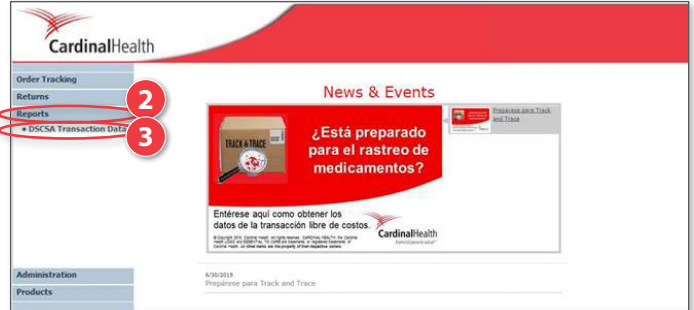

For more instructions go to the **"Select Data Report"** section.

The screenshot shows the CardinalHealth Order Express interface. At the top right, there is a 'Welcome:' message, an 'Account Selection:' dropdown menu (circled in red with a '1'), and a 'Log Out' link. Below the account selection are buttons for 'Auto-Submit', 'View Cart', and 'Items'. The main navigation bar includes 'Home', 'Lists', 'Order History', 'Account Administration', and 'Services'. On the left, the 'Quick Links' menu is expanded, showing options like 'Help Guide', 'Order Express Video Training', 'Order Express Survey', 'Export Data', 'Item Usage Form', 'Total Mobile Solutions', and 'Track and Trace Report' (circled in red with a '2'). Below the quick links is a 'Browse For Products' section with a category list. The main content area features an 'Order Express At-a-glance' banner, a 'Quick Add & Scan' section with a search bar and 'Find Product' button, and a table with columns for 'DEL', 'QTY', 'ALT', 'STOCK STATUS', 'CIN', 'NDC/UPC', and 'DESCRIPTION'. At the bottom, there is a 'Today's Web Orders' section showing 'No orders to display' and a 'Refresh' button. On the right side, there are 'Alerts & Messages' (URGENT ALERTS and MESSAGES) and a 'View this week's Service Flash' banner.

## Access data from the web portal

Only customers who do not use Order Express may use this portal.

1. Go to **cardinalhealth.pr** and login with your credentials.
2. Click the link **"Report"** that appears in the menu.
3. In the **"Reports Menu"**, select the **"DSCSA Transaction Data"** link.
4. Once you have logged in to **cardinalhealth.pr** a window will open with your account. If you have more than one account, you should select the account for which you want the transaction data report.

## Select data reports

Once you click on the **Track and Trace Report** from **Order Express** or the **web portal**, a new window will open with a default date range of 7-14 days from the current date. All invoices with dates within that range will populate. If no invoices are found within the date range, a **No Records Found** message will display.

1. You can search for reports by changing the date range or with the invoice number, CIN or NDC. Then you have to click **RUN** to start the search.
